Prizes will be for best dressed girl and boy for each year level disco.

Our star DJ on the night is Mr Hull and the P&C tuckshop will be selling hot food, snacks and cold drinks.

Safety of Students – Entry and Exits

There have been many incidents reported to staff members this year of parents and carers not following road signage, speed limits and rules and therefore putting the safety of our students at risk.

I cannot stress enough the need for patience, vigilance and understanding when in the school carparks and access roads. Our children are far too valuable to put at risk.

Early arrivals at school

For the safety of all students who arrive at school prior to 8:40am, all students are required to gather in the Covered Play Area (CPA) near the school Tuckshop. Here the students are supervised by staff.

Only students who are accompanied by their parents / carers are able to remain in other areas of the school as they are considered under the supervision of their parents / carers. All playground equipment is out of bounds before and after school.

The United States Air Force Rock Band is coming to our school NEXT MONDAY, 2-3pm in The Shed. Families and friends are welcome to attend. They are being supported by the 1RAR Band.

Yours in Education

Kerry Finn
Deputy Principal
BPOINT is a new secure card payment collection portal through Commonwealth Bank and is our NEW PREFERRED payment method.

You can make payments on school invoices from your home and office or from your smartphones. Receipts are sent back to you via email.

BPOINT can be used for full, half and part payments, as well as payment on invoices and statements.

As contributions and prep craft payments are voluntary, we cannot issue invoices, so payment will still need to be by:

  - Use child’s surname, initial and activity reference details;
  - Process at least 5 days before the closing date

**TEN DAY TEASER Number 7 Answer**

Ten Day Teaser 7 – Painted Cube Solution

First, paint the top and bottom of the outside...
The top is a 10x10 square, so 100 little cubes get painted. The bottom is a 10x10 square, so 100 little cubes get painted. That’s 200 so far...

Now, paint the front and back of the outside...
The front is a 10x10 square... that’s 100 little cubes... But, we’ve already counted the top stripe of cubes and the bottom strips since these got hit when we did the top and bottom. So, for the new little cubes we’re hitting, we have an 8x10 grid... that’s 80 more little cubes getting painted. Same for the back... another 80.

So far: 100 + 100 + 80 + 80

Now, we do the left and right side of the big cube... Thinking about it the same way we did above, we’ll be hitting an 8x8 set of new cubes with paint... That’s 64 for the right side and 64 for the left side.

Total: 100 + 100 + 80 + 80 + 64 + 64 = 488

How many of these would have paint on them?
