

# Investing for Success

Under this agreement for 2019  
ANNANDALE STATE SCHOOL will receive

**\$296,377\***

## This funding will be used to

The funding will be used to improve Literacy and Numeracy as well as improving teacher pedagogy.

### Goals:

- Literacy**

- 54% of Year 3 students will achieve in the U2B in NAPLAN Reading in 2019
- 45% of Year 5 students will achieve in the U2B in NAPLAN Reading in 2019

At least 20% of students in each year level, Prep to Yr 6, will achieve an 'A' standard in English by the end of Semester 2, 2019

- Numeracy**

- 40% of Year 3 students will achieve in the U2B of NAPLAN Numeracy in 2019
- 30% of Year 5 students will achieve in the U2B of NAPLAN Numeracy in 2019

At least 25% of students in each year level, Prep to Yr 6, will achieve an 'A' standard in Mathematics by the end of Semester 2, 2019

## Our initiatives include

### Pedagogy:

- Provide professional development and coaching to deepen teacher's understanding of the Australian Curriculum with particular focus on the vertical integration of English and Mathematics

### Literacy:

- Embed schoolwide consistent approaches to the teaching of Reading, Comprehension and Writing
- Provide additional support to class literacy programs through the employment and training of Literacy Assistants, embedding of whole school framework for the development reading and writing skills

### Numeracy:

- Continue to train and coach teachers in the pedagogy of YuMi Deadly Mathematics and effective use of short Term Data cycle .

## Our school will improve student outcomes by

- Using a schoolwide approach to the teaching of reading, writing and numeracy.
- Continuing to develop the professional pedagogy of teachers and teachers' aides through – peer support, teacher and teacher aides release, coaching and collaborative inquiry cycles
- Monitoring the progress of all students and use feedback, feed forward and feed up to ensure students and teachers clearly understand the success criteria in English and Mathematics.
